

The article by Jennifer T. Aguilan, Fabian M. Dayrit, Jinhua Zhang, Milady R. Niñonuevo and Carlito B. Lebrilla which was published in the January issue, Vol. 17, No. 1, pages 96-103, printed with an error in the title. The Greek letter "kappa" (κ) was mistakenly switched to a Greek letter "alpha" (α) in "-Carrageenan." The actual title should have been "Structural Analysis of κ -Carrageenan Sulfated Oligosaccharides by Positive Mode Nano-ESI-FTICR-MS and MS/MS by SORI-CID" and is now published online in its corrected form on ScienceDirect. The publisher apologizes for the error.
